# North Quay Training Centre - Electrical Installation Tender

## 1. Invitation and scope

Tender ID: NQTC-ELEC-2026-01. Issued: 16 October 2026.

Client: North Quay Training Centre (fictional). Site: Lot 18, North Quay, WA.

Scope: supply and install LV distribution, lighting, emergency lighting and cabling.

Include switchboard upgrades, testing, commissioning and as-built drawings.

Work must maintain safe access to the occupied training buildings.

Tender closes: 13 November 2026 at 4:00 pm AWST.

Anticipated site access: 11 January 2027.

Required practical completion: no later than 28 May 2027.

Submit one ex-GST lump sum in AUD and a week-by-week programme.

This is a synthetic evaluation exercise; no real procurement is taking place.

## 2. Evaluation and submission requirements

C1 Whole-of-contract price: 30%. Assess the ex-GST lump sum and exclusions.

C2 Electrical methodology and safety: 25%. Assess staging, testing and WHS.

C3 Delivery programme: 20%. Assess duration and credible milestones.

C4 Relevant capability and qualifications: 15%. Assess licences and references.

C5 Warranty and delivery risk: 10%. Assess terms and evidence gaps.

Provide an electrical contractor licence and named site supervisor qualifications.

Provide two comparable project references completed in the last five years.

Attach current public liability and workers compensation insurance certificates.

State warranty duration, start date, scope and any exclusions.

Unverified claims and conflicting dates must be flagged for clarification.
